### DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 04/20/2009 has been entered.
2. Claims 1, 4, 6 and 8-20 are pending in the application. Claims 10-18 are withdrawn from further consideration.

### ***Claim Rejections - 35 USC § 112***

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. **Claims 1, 4, 6 and 8-9 and 19-20** are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites "a siloxane oligomer prepared by oxidizing hydrosilane oligomer represented by the following Chemical Formula 1 or cyclic hydrosilane oligomer represented by the following Chemical Formula 2...(b) cyclic siloxane represented by the following Chemical Formula 3". It is unclear what limitations the applicants try to set because the Chemical Formulae 1, 2 and 3 do not hold for certain values claimed by the

applicants, for instance, when n is 20 and m is 1 in Chemical Formula 1, when k is 10 and l is 3 in Chemical Formula 2, and when x is 10 and y is 3 in Chemical Formula 3. Furthermore, it is unclear how the Chemical Formula 1 represents a hydrosilane when the smallest value for m is 1.

Dependent claims 1, 4, 6, 8-9 and 19-20 are rejected for similar reasons.

5. When rectifying the above errors in the claims, appropriate corrections should be made in the specification.

***Allowable Subject Matter***

6. Due to the error in the claims (112 second paragraph rejection), there is no prior art that teaches the method of the instant claims.

***Conclusion***
